

Northern *North*Mart

February is Heart Month

healthy living

Northern/NorthMart and the Heart & Stroke Foundation in Manitoba are partnering to promote and educate healthy living by distributing Heart & Stroke Healthy Life posters to communities in the North.

The posters, which feature healthy living advice including a quick overview of Canada's Food Guide, will be posted in Northern/NorthMart stores, community schools and hospitals.

education

Northern La Loche is proud to support the La Loche Community School Career Fair, February 13th. Students from grades 7 through 12 will learn about exciting careers and educational opportunities both within and beyond their community. Northern donated three Kobo Vox e-readers for the awards evening. Prizes will be awarded to students who attend and complete assigned tasks at the career fair.

Our Community Promise

We strive to help make a positive, progressive difference within each
