

► Update on our response to the COVID-19

FOR IMMEDIATE RELEASE

Winnipeg, MB, March 26, 2020 – To further protect our employees from COVID-19, Northern and NorthMart stores will be installing plexiglass shields in front of priority checkout counters and other areas with high volumes of customer and employee interaction.

“We expect to receive delivery of the units in the next few days and will commence installation shortly thereafter in all stores. This added protection will help to enhance the safety of our employees,” stated Alex Yeo, President, Canadian Retail, The North West Company.

Our Northern and NorthMart stores remain committed to being a safe and reliable source of everyday products and services throughout this period.
